DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 48-50 and 52-60 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

3. Claims 48-50 and 52-66 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Claims 48-50 and 52-66 disclose method steps, however, the method steps do not further define the entity or entities performing the steps. Appropriate correction is required.

Allowable Subject Matter

4. Claims 1, 4-36 and 39-47 are allowed.
